about us

Kohavynska Paper Factory JSC is one of the few companies in Ukraine producing high-quality sanitary and hygiene products. The raw materials used in production are recovered (waste) paper and pulp.

The factory has undergone an equipment upgrade, with modern, modernised machinery now installed. Only highquality raw materials and materials are used to manufacture the products.

Products manufactured by the factory:

- base paper;
- toilet paper;
- paper towels.

We maintain long-term partnerships with European countries, and a large share of our output goes to export.

Kohavynska Paper Factory JSC cares about future generations by helping to preserve a favourable environment.

demand will always be there

Demand for sanitary and hygiene products has always existed, and always will.

These hygiene products are essential not only at home, but in every area of daily life. The market for sanitary and hygiene products is developing dynamically. People have grown accustomed to comfort and convenience, so the need for hygiene products keeps growing.

In the 1990s, per-capita consumption of sanitary and hygiene products in Ukraine was 1-1.5 kilograms. Today that figure is three times higher. Greater demand means greater opportunity for improvement and for developing new products.

quality

We pay special attention to the quality of manufacturing sanitary and hygiene products at every stage of production.

From the careful selection of raw materials to the packaging of finished goods, every process is controlled to ensure consistent quality, safety and comfort for consumers.

Modern equipment, strict adherence to technological processes and continuous quality control allow us to create

products that meet high standards. We strive to make every roll of toilet paper and every paper towel soft, strong and comfortable to use, and to live up to the trust of our customers.

For us, quality is not just a product characteristic. It is a responsibility to everyone who chooses our products for themselves and their family every day.

certificates

Because quality is the fundamental rule we follow when manufacturing our products, the company has implemented a quality management system in accordance with DSTU EN ISO 9001:2018 (EN ISO 9001:2015, IDT; ISO 9001:2015, IDT) and DSTU ISO 9001:2015 / ISO 9001:2015, as well as an environmental management system in accordance with ISO 14001:2015 and DSTU ISO 14001:2015.

Compliance with all these norms and standards allows us to manufacture products of a quality that competes with ease against leading European manufacturers, and that remains a favourite choice of millions of consumers across the domestic market.

recovered-paper products

The production process begins with inspection of the raw material (recovered paper). Physico-chemical laboratory technicians carry out the relevant analyses at the wet end of production, including on the finished product. All monitored parameters are checked in accordance with the company's current regulatory documentation. Technological regulations and technical specifications have been established, under which quality is controlled at every stage of production, together with compliance with all norms and standards required by current Ukrainian legislation.

One of the key processes for ensuring the microbiological purity of the base paper is steaming and drying. The steam is heated to a temperature of 179°C, and all the raw material (the recovered-paper stock) passes through it.

virgin-pulp products

For the production of these goods we use only the finest raw material, the origin of which is confirmed by FSC certification. Pulp is sourced for us from all corners of the world - Brazil and Uruguay, Canada and Finland, Poland, Slovakia and the Czech Republic.

The properly processed fibres are blended in the required composition to achieve the best possible softness and bulk in the paper. The base paper is produced on a paper machine made by A.Celli (Italy), one of the world's leaders in equipment of this kind. The production line uses unique solutions for web forming and drying, and for gentle reeling.

The combination of European equipment quality with the high skill of our specialists allows us to manufacture premium-quality paper with minimal use of natural resources and minimal impact on the environment.

our team

Our people are the main capital and the greatest pride of our factory.
More than 550 professional employees work at Kohavynska Paper Factory JSC.
For many decades we have been a responsible employer, providing a stable wage and opportunities for professional growth.

about the products

We offer a wide range of products made from environmentally friendly recovered-paper raw material: toilet paper with and without a core; paper towels in rolls and in sheets. All of our products feature embossing and perforation.

Our paper products meet all regulatory requirements for microbiological indicators.

We manufacture products under our own brands: Kohavynka, Mildi and KOHAVYN-SKA PAPIRNYA. At the customer's request, we also produce private-label products.

Our company has recently launched a new production line for virgin-pulp products (toilet paper and paper towels). These are premium-quality products featuring laminated embossing and perforation.

A special production technology ensures strength, softness and comfort in use, while an interesting range of designs lets everyone choose the product that suits them best!

Toilet Paper «Emerald»

Two-ply “Emerald” toilet paper is made from 100% virgin cellulose, giving it a natural, safe and hypoallergenic quality.

Thanks to modern production technology, the paper features crisp, laminated embossing that not only gives it an attractive look but also increases its strength and bulk.

This toilet paper combines reliability with softness.

That makes it not only comfortable but also economical for everyday use by the whole family.

Toilet Paper «Silver»

Three-ply “Silver” toilet paper stands out for its balanced combination of high quality and reliable strength.

Its three-ply structure delivers softness while remaining resistant to tearing, making it maximally comfortable to use.

The generous roll length significantly reduces how often you need to buy more, saving money on the household budget.

This is the ideal choice for anyone who values practicality, convenience and economy in everyday life, without sacrificing comfort or quality.

Toilet Paper «Gold»

“Gold” is a true standard of luxury and comfort in daily care.

Thanks to four dense yet exceptionally soft layers and professional embossing, it delivers an unmatched combination of strength and delicacy.

This structure makes the paper especially reliable in use, while remaining gentle to even the most sensitive skin.

Made from high-quality virgin cellulose, it has excellent absorbent properties that guarantee a feeling of cleanliness,freshness and complete comfort.

Toilet Paper «Kids»

Three-ply “Kids” toilet paper is created with care for the youngest members of the family. Made from 100% quality cellulose, it features pleasant laminated embossing.

Thanks to the perforation, sheets separate easily, without creating extra difficulty for children or adults.

A special production technology achieves a balance between strength and delicacy - the paper does not tear, yet remains extremely soft.

It is the ideal choice for sensitive children’s skin, as it does not irritate and provides a feeling of comfort every day.

Paper Towel «Emerald»

Two-ply “Emerald” paper towels from Kohavynska Papirnya combine a modern approach to production with quality and everyday convenience.

Made from 100% natural cellulose on state-of-the-art equipment, they feature laminated embossing, which adds not only aesthetic appeal but also extra strength.

The towels are soft to the touch yet dense enough to deal effectively with moisture, dirt and household tasks.

One roll is 77 metres long - considerably more than a standard roll - so you get more comfort and less hassle from frequent replacement. “Emerald” is a well-thought-out choice for anyone who values quality, economy and practicality in every detail.

											
qty per pack (pcs)	sheets per roll (pcs)	roll length (m)	roll diameter (mm)	core diameter (mm)	sheet size (mm)	plies	colour	qty per case (packs)	qty per pallet (packs)	basis weight (g/m²)	barcode

2	54	12,42	110	50	230 × 225	2	white	14	420	20	4820032451320

Paper Towel «Silver»

Three-ply “Silver” paper towels from Kohavynska Papirnya are a practical solution for the kitchen, HoReCa, offices and everyday household use.

Made from 100% natural cellulose on modern equipment, they combine softness, strength and high absorbency. Laminated embossing adds density to the towels and helps them keep their shape during use.

Thanks to convenient perforation, sheets tear off easily without ripping or losing shape. The towels handle moisture, dirt and everyday household tasks with ease.

“Silver” is a reliable choice for anyone looking for quality, economy and convenience in every sheet.

Paper Towel «Kohavynska Papirnya»

The “Kohavynska Papirnya” paper towel, in V-fold interleaved sheets, is a convenient and hygienic solution for everyday use at home, in the office, or in public facilities.

Made from 100% quality cellulose, it has a high capacity for absorbing moisture and a pleasant texture, ensuring both comfort and effectiveness.

Thanks to the V-fold, each sheet is pulled out individually without catching the others, which reduces waste and ensures maximum hygiene.

The towels are dense, soft and convenient to use, and their size fits most standard dispensers.

							
sheets per pack (pcs)	sheet size (mm)	plies	colour	qty per case (packs)	qty per pallet (packs)	basis weight (g/m²)	barcode
150	210 × 230	2	white	20	600	17	4820032451429

Paper Towel «Extra Absorption»

Three-ply “Extra Absorption” paper towels from Kohavynska Papirnya are a high-quality product created specifically for kitchen comfort.

Made from 100% cellulose, they feature pronounced embossing that enhances absorbency, together with perforation that lets sheets be torn off conveniently.

The three plies give the towels extra strength and effectiveness.

They easily handle any household task - from mopping up moisture to cleaning kitchen surfaces.

Thanks to the large roll size and increased density, “Extra Absorption” lasts longer. It is a reliable choice for anyone seeking a powerful combination of quality, convenience and care for cleanliness.

											
qty per pack (pcs)	sheets per roll (pcs)	roll length (m)	roll diameter (mm)	core diameter (mm)	sheet size (mm)	plies	colour	qty per case (packs)	qty per pallet (packs)	basis weight (g/m ²)	barcode

Paper Towel «Cotton»

Two-ply “Cotton” paper towels from the Kohavynska Papirnya brand combine softness, refinement and practicality, making them indispensable for everyday household care.

Made from 100% cellulose, they have a delicate texture reminiscent of the touch of cotton.

Thanks to embossing and perforation, the towels tear off easily and are convenient to use in any situation.

Their structure provides sufficient strength and good absorbency, so “Cotton” is ideal for light cleaning, surface care or drying hands.

This is an excellent choice for anyone who values delicacy, quality and a pleasant tactile feel in everyday life. Every sheet is gentleness in action.

											
qty per pack (pcs)	sheets per roll (pcs)	roll length (m)	roll diameter (mm)	core diameter (mm)	sheet size (mm)	plies	colour	qty per case (packs)	qty per pallet (packs)	basis weight (g/m²)	barcode

Paper Towel «Cotton»

Two-ply “Cotton” paper is a smart and economical choice for everyday use.

Its balanced multi-layer structure ensures reliability, strength and pleasant delicacy. The paper is comfortable to use and strong enough for daily care.

A single roll is more than 16 metres long, making it a practical solution for extended use. This reduces costs without any loss of comfort, softness or quality.

“Cotton” is the optimal combination of economy, convenience and comfort.

											
qty per pack (pcs)	sheets per roll (pcs)	roll length (m)	roll diameter (mm)	core diameter (mm)	sheet size (mm)	plies	colour	qty per case (packs)	qty per pallet (packs)	basis weight (g/m²)	barcode

Paper Towel «Cotton»

Three-ply “Cotton” paper is a practical and economical choice for everyday use.

Thanks to three soft yet strong layers, it provides an optimal combination of reliability, delicacy and comfort. Its thoughtful structure makes the paper pleasant to the touch, sufficiently dense and convenient for daily use.

A single roll is more than 16 metres long, making it a cost-effective solution for extended use. This format allows for savings without any compromise on softness, quality or a feeling of cleanliness.

A successful combination of affordability, comfort and reliable quality for the whole family.

Paper Towel «Mildi Hundred»

The “Mildi Hundred” paper towel is a powerful combination of durability, quality and maximum practicality.

Made from 100% cellulose, it has a pleasant texture, high absorbency and convenient perforation that ensures each sheet tears off easily.

Thanks to its optimal density, the towel easily copes with a range of household tasks, from cleaning to hand care.

Its main advantage is length: 100 metres in every roll.

This large volume ensures a long period of use without frequent replacement, which is especially convenient for kitchens, offices or catering establishments.

“Mildi Hundred” is more than just a towel. It is a genuine long-lasting resource.

Toilet Paper «Mildi Excellence»

“Mildi Excellence” paper embodies luxury, softness and flawless comfort in everyday care.

Thanks to four dense yet exceptionally gentle layers and professional embossing, the paper combines high strength with a pleasant, delicate touch.

Made from high-quality virgin cellulose, it has excellent absorbent properties, quickly soaking up moisture and providing a feeling of cleanliness and freshness. Its soft structure is gentle even on sensitive skin.

This is the choice for anyone who values quality, comfort and care in every detail.

Toilet Paper «Jumbo»

Two-ply “Jumbo” toilet paper is strong, soft and comfortable.

Made from 100% cellulose, it features laminated embossing and convenient perforation that lets sheets be torn off easily without extra effort.

Thanks to its two plies, the paper provides optimal density and comfort.

It is designed with a focus on intensive use in dispensers, which is why it has a convenient core and an increased roll diameter.

Folded Paper Towel

The Z-fold cellulose towel in individual sheets is a convenient and effective type of paper towel for use in washrooms, medical facilities, catering establishments and offices.

The Z-fold delivers just one sheet at a time, which reduces waste and increases hygiene, since each user touches only their own sheet.

The towel is made from quality paper, has good absorbent properties and a pleasant texture.

It absorbs moisture well, does not tear during use, and is suitable both for drying hands and for caring for work surfaces.

Toilet Paper «StresStoper»

“StresStoper” paper combines comfort, quality and balance.

Using it brings a genuine sense of calm to your daily hygiene routine. Thanks to its three plies, the paper delivers reliability and delicacy at the same time.

A single roll of “StresStoper” toilet paper is 25 metres long - an optimal length for extended use without frequent restocking. This quantity not only provides convenience but also allows for savings without sacrificing comfort. A pack of 8 rolls is a great choice for both a large family and an office space.

Choosing “StresStoper” means choosing more than just paper. It means everyday care, and a feeling of confidence, calm and balance.

Handy Paper Towel «Kohavynka»

Two-ply “Rushnychok” (Handy Towel) paper towels from Kohavynska Papirnya are a practical solution for anyone who values economy, cleanliness and convenience.

Made from 100% cellulose, they absorb moisture well, clean surfaces effectively, and have convenient perforation for easy tearing.

The “Rushnychok” comes in handy for wiping hands, tools, or work and household surfaces. Thanks to its compact format, the towels take up little room in a suitcase, backpack or bag, making them ideal for travel, trips and everyday use.

This is a reliable choice for anyone who wants cleanliness and comfort always close at hand.

Toilet Paper «Classic»

“Classic” toilet paper from the Kohavynka brand is the No. 1 paper in Halychyna and one of the clear sales leaders across all of Ukraine.

It is chosen by millions of Ukrainians, who consider Kohavynka the best option in the economy segment.

Such popularity is no accident - the product combines affordability with quality people trust.

The paper is produced with embossing that gives it sufficient softness and gentleness.

It disperses well in water, has high absorbent properties, and is environmentally friendly, being made from recovered paper and containing no fragrances or dyes.

Toilet Paper «Economy»

“Economy” toilet paper is a practical, cost-effective choice for everyday use, combining an affordable price with reliable quality.

It has a basic density and sufficient softness, and performs its function well, not tearing during use.

This paper is ideal for use at home, in educational institutions, offices, industrial facilities or public establishments.

It contains no fragrances, dyes or other additives, making it safe and universal for all categories of users.

This is minimalism at its best: nothing unnecessary, just a quality, easy-to-use product at a low price.

Toilet Paper «Romantic Antiseptic»

“Romantic Antiseptic” toilet paper is a modern solution for anyone who cares about hygiene and safety every day.

The paper meets all regulatory requirements for microbiological indicators.

Besides its hygienic benefits, this antiseptic paper has a fairly soft structure and embossing, making it pleasant and comfortable to use.

Bright packaging and the product’s distinctive pink colour make it eye-catching and appealing, both for family use and for the business segment of the market.
